PATTEN APPLE PIE FOR CHICAGO TEAM

Ate Him Alive for Five Innings.

CASSIDY AND NILL GREAT

Their Work a Bright Spot in Gloomy Tale of Washington Defeat.

tionals could get in yesterday's game with the White Sox.

Mullen reached there in the fourth, but was caught napping by Owen and Davis. Cassidy reached first on a field-er's choice in the eighth, and stole second, a feat which Umpire Sheridan aided greatly by calling Joe safe when he himself started to leave the bag. The counting block was still very far away Townsend went out on easy chances.
It was a proud day for Pitcher Owen

Saturday the Nationals pounded him hard in the four innings he officiated hard in the four innings he officiated, and Manager Jones took him out after four singles and a double had been garnered. Yesterday he got sweet revenge, holding the Nationals down to four hits. In five innings just three men faced him. In the fourth inning Charley Jones, Mullen, and Anderson hit safely, but no score resulted. Jones was thrown out trying to steal second, and Mullen was caught napping by Davis and Owen. Hill singled in the ninth, but was forced by Jones.

Patten Apple Pie.

Case Patten opened the game for Washington, but his curves were apple pie for the White Sox. He lasted a little more than four innings, voluntarily giving up in the fifth inning after Donahue ST. STEPHEN'S NO

ing up in the fifth inning after Donahue had pasted his double to right center. Townsend then went in and held the visitors down to three hits for the remainder of the game.

The White Sox played a wonderfully fast game in the field. Tannehill, Davis and Dundon literally ate up everything which came their way. The bright spot in the work of the Nationals was around second base. There Cassidy and Nill killed off the White Sox with remorseless energy. They accepted twenty less energy. They accepted twenty chances without an error.

Chicago scored in the first inning, and n Patten began to hang out the signal of distress. Fielder Jones started things by planting a clean single in Anderson's patch, but was forced at second

derson's patch, but was forced at second by Holmes. Callahan banged one to left, and Ducky went clear around to third before Huelsman fielded the ball. He scored when Hill threw Davis' chance to the bleachers.

Dundon lead off in the second with a triple, and Tannehill followed with a two-base hit smashed to the score board. Owen sacrificed and Fielder Jones and Tannehill pulled off the squeeze play. Mullen got Jones in time to touch him out, but dropped the ball.

In the fifth the White Sox got busy. Callahan beat out an infield blow, and Davis drew a pass. The double steal was worked beautifully, and Donahue lined out a double to right center, scoring both runners. Patten sent in his resignation

runners. Patten sent in his resignation to Manager Hill to take effect on the spot, and Jack Townsend was trotted out to put a plug in the flood of runs. The first thing he did was to pull the plug out wider.

Sullivan dumped one in front of the plate, and Jack fielded it nicely and ict drive at Mullen. The ball soared past the first baseman to the bleachers and Donahue scored. The double steal was worked in the eighth by Owen and Jones, the latter scoring from third. The Score.

Stolen bases—Cassidy, Jones, Callahan, Davis, Owen. Umpire—Sheridan. Time of game—I hour and 44 minutes.

NOTES OF THE NOTABLES.

Cassidy made a sensational stop of Donahue's drive in the ninth, but couldn't get it to first in time.

Manager Jones took Huelsman's fly out of Holmes' hands in the fourth. Covering too much ground, Fielder!

Four times the Washington infield tried for double plays on Chicago, but the speed of the White Sox broke them

Callahan was out at third on his steal in the fifth, but to the surprise of the fans he was called safe.

Mullen was not cut out for a first baseman. He shows nervousness when getting after bad throws.

George Davis bats either right or left handed. When Patten was pitching he batted right handed, but turned the other way on Townsend. A great player is this veteren.

In the seventh Tannehill speared a bounder from Mullen's bat with one hand and heaved it over to Donahue. The throw was wild, but that good first baseman reached far out with his right hand and caught the ball.

Nill had a grea: day around second. Twelve chances without an error is pretty good work.

Davis hit a beauty over second in the seventh which looked safe, but little Nill picked it up on the run, and by a splendid turn and throw landed the ball in Mullen's mit ahead of the runner.

Stephen's did not get a hit until the second inning, when Moriarity put one along third base.

Burroughs is in the game every minute and is as willing to back up another player as to make an individual play.

BOOKWORMS AT SEA

Library Gave Up the Fight. McGinty's Mighty Swat.

Without "Rube" Clark the Library therefore it was easy for the Agricultural team yesterday afternoon. Score 16 to 4.

The game started off with Bookworms to the good, but the Farmers soon overcame this lead and in the fifth with the bases full McGinty hit for three bases and also scored on the play. McGinty's swat not only demoralized but paralyzed the Bookworms.

Seeing the hopeless condition of the situation the Bookworms asked that the game be called in the seventh.

Driver Accidentally Guides Team Into Water and One Animal Sinks in the Mud.

Another fatal accident occurred at the pond near North Capitol and De-troit streets northwest, late yesterday afternoon. This is the body of water in which two boys, Jettie Carrington and Lawrence Owens, lost their lives about ten days ago. Yesterday's victim was a horse attached to a sand wagon belonging to Jacob King, of 2514 Sixta street northwest.

The two-horse team was in charge of Charles Foster, colored, who came within an ace of losing his life while trying to rescue the animal. He had just delivered a load of sand at the flust delivered a load of sand at the filtration plant and was endeavoring to head his team toward the south, when the horses stepped into the water, and their weight forced them down into the rud. They struggled frantically to free their hoofs from the mire, but all they accomplished was to carry themselves into deeper water. Foster managed to unhitch one of the animals, and it scrambled to the bank. The other continued to go down into the mud, and when finally taken from the pool was found to be dead.

BRING RESULTS

Six years ago I became afflicted with a severe sore leg which continued to grow worse, gradually, until the entire leg from the knee to the foot was one solid sore, which was very offensive. I spent over \$1,000.00 on two trips to Hot Springs, and vario as local physicians treated me to no purpose. I had about come to the conclusion to have my leg amputated when a friend induced me to try S. S. S., saying if I would take it constantly for a year and it did not benefit me he would pay for the medicine. I began to take your medicine, and in the short space of seven months it completely and thoroughly cured me. I consider S. S. S. the grandest medicine the world has ever known. My leg is a witness today as to what S. S. S. will do when taken regularly.

J. B. Talbert.

Valdosta, Ga., September, 1900.

Swift Specific Co., Atlanta, Ga.

Dear Sirs—I want to tell you about my case and the good S. S. S. has done me. Something like a rising came on my instep, very small at first, not at all painful, and I could wear my shoe without any trouble. But as it grew larger and began to pain me I consulted a doctor, but in spite of all he could do the sore got worse and began to discharge: then other sores came until the whole top of my foot we one large mass of sores and I could not walk. Then my husband, who had been cured of Scrofula by the use of S. S. S., said he believed it would cure me. I began taking it and eight bottles cured me; my foot healed up nicely.

Mrs. C. H. King.

A great running sore, or deep offensive ulcer may develop from a slight scratch, bruise or pimple—a harmless looking little boil or slightly swollen gland may soon be an ulcerating mass that will develop into a cancerous ulcer, dangerous and destructive. Middle-aged and old people are the most frequent sufferers from old sores and chronic ulcers, but the young, even children, who have inherited weak constitutions or had them contaminated and tainted by Malaria, or other sickness, are afflicted in the same way. These chronic sores and ulcers are a constant drain on the system, sapping the vitality and strength. They depress the energy with their foul pollution, and are sure signs that the blood is charged with poisonous matters which in its weak, sluggish condition it is unable to throw off. Salves, washes, powders, etc., can never be of any

permanent service in the treatment of sores and ulcers, because the trouble is not on the outside, but in the blood, and as long as it circulates through the body in its impoverished and poisoned condition the trouble will grow worse. The need is a remedy that will cleanse the blood of all poisons and impurities, build it up from its weakened state, increase its vigor and strengthen the whole system. S. S. S. does this, and is the only blood purifier that does. Rich blood is carried to the diseased parts, which forms new tissues and allows the sore or ulcer to heal. It works with nature because of its vegetable properties, and tones up every organ while effecting the cure. It brings a safe as well as a permanent cure, and is guaranteed entirely vegetable. Send for our special book on Sores and Ulcers, and write for any advice you wish. We
